

## BQE Software Unveils BillQuick Legal 2015

### New Version Offers Intelligent Time Tracking and Flexible Invoicing for Efficient Legal Billing

Torrance, CA – March 18th, 2015 – [BQE Software, Inc.](#), a world leader in time billing, project management and accounting software with more than 325,000 users worldwide, announced today the immediate availability of [BQE BillQuick Legal](#) 2015. The latest version of the robust time and billing software for legal professionals combines the powerful functionality of BillQuick 2015 with legal industry-specific features to provide a smooth and efficient legal billing process. The 2015 release includes enhanced support for LEDES export, automatic billing options and the ability to capture every billable minute on your mobile device to maximize billable time for your firm.

“The latest version is designed to help law firms precisely track their billable hours and manage both their billing and accounting in a single integrated system. The ability to track time via smart timers on your mobile device combined with intelligent automatic billing is a dream for every law firm, and we have successfully delivered the future of legal billing in this update,” said Shafat Qazi, CEO and Founder of BQE Software.

Already at the forefront of innovation in the professional services domain, BQE Software continuously improves its product to meet the high demands of the fast-paced legal industry. This year, BQE has added notable features in [BillQuick Legal](#) 2015 to accelerate legal electronic billing, including:

- Built-in UTBMS A-Codes and L-Codes
- Support for multiple options to export to LEDES
- New Recurring + Hourly contract type
- Ability to specify a different liability account at the matter level
- Ability to assign a different Accounts Payable account at the vendor level

New and existing users can try the new 2015 version at [www.bqe.com/legal](http://www.bqe.com/legal)
