

BQE Software Releases the 2017 Version of BillQuick, the Top-rated Business Management Software for Professional Services Firms

New Version Offers Enhanced Accounting and Financial Planning

Torrance, CA - January 25th, 2017 - **BQE Software, Inc.**, a world leader in **time billing**, project management, and accounting software with more than 400,000 users worldwide, announced today the immediate release of **BQE BillQuick® 2017**. The annual upgrade of the award-winning software is designed for professional services firms looking to simplify their financial planning and project accounting.

“For BillQuick 2017, we’ve delivered a truly integrated business management and accounting solution with actionable intelligence,” said Shafat Qazi, CEO & Founder of BQE Software. “There is no other product in the professional services software market today that can come close to the power, flexibility, and simplicity of BillQuick. I’m very proud and honored to work alongside the brilliant BQE team members to achieve this important milestone.”

The new and enhanced features in BillQuick 2017 allow businesses to plan, track and analyze financial budgets, automate personal time-off requests and simplify accounting tasks. With enhanced security and time-saving functionality, BillQuick 2017 empowers businesses to effectively manage their accounting tasks and efficiently monitor their project and business goals.

About BQE Software

BQE Software is a world leader in **time billing**, accounting, and project management software for professional services firms. Its products, including **BillQuick®**, **ArchiOffice®** and **EngineerOffice®**, simplify the way information is entered and utilized by firms. With over 400,000 users worldwide, BQE is the trusted solution for lawyers, architects, engineers, accountants, IT consultants and business consultants. The company is headquartered in Torrance, California, with offices in Australia and Europe. For more information, visit www.bqe.com. Follow BQE BillQuick on Facebook, www.facebook.com/BillQuick, and Twitter, www.twitter.com/BillQuick

Some noteworthy features include:

- **Track Company Financial Budget** - Users can create a company-level budget for income and expenses to plan their company's financial periods and ensure desired profits are met.
- **Create Rules in Credit Card Import** - Save time while importing credit card transactions by creating smart rules to automate the matching criteria for future imports.
- **Automatically Record Time for PTO Requests** - When a personal time off request is approved, BillQuick 2017 will automatically make the appropriate time entry in the employee's time sheet.
