

FOR IMMEDIATE RELEASE

BQE Software Honored with Top 25 Best Companies for Professional Development Award

BUSINESS MANAGEMENT SOFTWARE PROVIDER WINS HEADLINING AWARD

Torrance, CA – June 27, 2019 — [BQE Software, Inc.](#), a global leader in business management software for professional services firms, was honored with a 2019 Comparably Awards for Best Company for Professional Development award. The Comparably Award recognizes companies that are helping drive positive culture change. The Top 25 ranked companies are based on the ratings given by all employees about their opportunities for career advancement; if they have a mentor at work; if they are challenged at work; and if they receive timely, consistent and valuable feedback on how to improve at work.

Comparably Awards are derived from sentiment ratings provided by employees who anonymously rated their employers on Comparably.com between June 7, 2018 through June 7, 2019. There were no fees or costs associated with participating, nor was nomination required. The final data set was compiled from nearly 10 million ratings across 50,000 U.S. companies on Comparably.com. The answer to each question was given a numerical score and compared to companies of similar size across the U.S.

“Nothing we do is more important than hiring and developing our employees. At the end of the day, you bet on your people not just your strategy. We believe that taking care of our employees better than anyone else means they take care of our customers better than anyone else. If you are lucky enough to be someone’s employer, then you have an obligation to make sure they look forward to coming to work in the morning feeling valued and relevant.” said Shafat Qazi, CEO and Founder of BQE Software.

BQE Software was also a previous winner Q4 Best Companies in Los Angeles by Inc Magazine in which winners were ranked on opportunity for advancement and being recognized for the performance in the workplace.

For more about BQE Software’s company culture and open positions, visit their careers page at www.bqe.com/company/careers. Winners can also be seen on USA Today’s articles for [Best CEO](#) and [Best Workplace for Diversity](#).

ABOUT BQE

BQE Software develops innovative business management software for professional services firms. Its flagship product, BQE Core®, centralizes and streamlines the way firms enter and use information for time tracking, billing, project management, and accounting. This gives them the speed and insight necessary to rapidly make informed decisions, increase productivity, and grow profits. BQE Software is trusted by leading architects, engineers, accountants, attorneys, IT specialists, and business consultants. The company is headquartered in Torrance, California, with offices in Sydney, Australia. For more information, visit www.bqe.com.
