# BQE SOFTWARE RECEIVES “BEST WORKPLACES 2019” HONOR BY INC. MAGAZINE

***BQE SOFTWARE IS ONE OF THE HIGHEST-SCORING BUSINESSES,  
WITH OUTSTANDING EMPLOYEE ENGAGEMENT***

**T**orrance, CA – May 16, 2019 — [BQE Software, Inc.](#) has been named one of Inc. magazine’s “Best Workplaces for 2019”, in the fast-growing private company sector.

Hitting newsstands in the June 2019 issue, and as part of a prominent Inc.com feature, the list is the result of a wide-ranging and comprehensive measurement of private American companies that have created exceptional workplaces through vibrant cultures, deep employee engagement, and stellar benefits.

With nearly 2,000 nominated companies, each company took part in an employee survey, conducted by Quantum Workplace, on topics including trust, management effectiveness, perks, and confidence in the future. Inc. gathered, analyzed, and audited the data. Then they ranked all the companies using a composite score of survey results.

The strongest engagement scores came from companies that prioritize the most human elements of work. BQE Software is leading the way in employee recognition, performance management, and diversity. It’s a different playbook from a decade ago, when too many firms used the same template: free food, open work environments, and artifacts of “fun.”

“BQE employees are the brand ambassadors of our company” said Shafat Qazi, CEO and Founder of BQE Software. “I am truly humbled by this honor. By creating a great workplace for our employees, we are able to innovate, deliver strong products and provide top-notch service for our customers and partners.”

While researching the finalists, Inc. and Quantum saw distinct themes:

- *99 percent provide health insurance—and some cover the cost.*
- *65 percent take employees to offsite retreats to relax and recharge.*
- *16 percent offer paid sabbaticals to reward length of service.*

*“With today’s tight labor market, building a great corporate culture is more important than ever,” says Inc. magazine editor in chief James Ledbetter. “The companies on Inc.’s Best Workplaces list are setting an example that the whole country can learn from.”*

## **ABOUT BQE**

BQE Software develops innovative business management software for professional services firms. Its flagship product, BQE Core®, centralizes and streamlines the way firms enter and use information for time tracking, billing, project management, and accounting. This gives them the speed and insight necessary to rapidly make informed decisions, increase productivity, and grow profits. BQE Software is trusted by leading architects, engineers, accountants, attorneys, IT specialists, and business consultants. The company is headquartered in Torrance, California, with offices in Australia and India. For more information, visit [www.bqe.com](http://www.bqe.com).
