Project Management in BQE Core

Whether you call them engagements, matters, or anything else, projects are at the heart of your business. Their success is your success, and you need the best tools to manage them. BQE Core puts you in complete control of your projects with powerful insights, allocation and forecasting, job costing, and other powerful features that make the most of your resources.
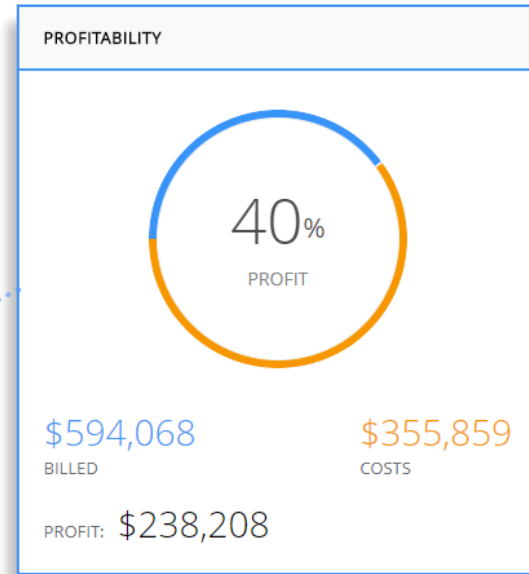

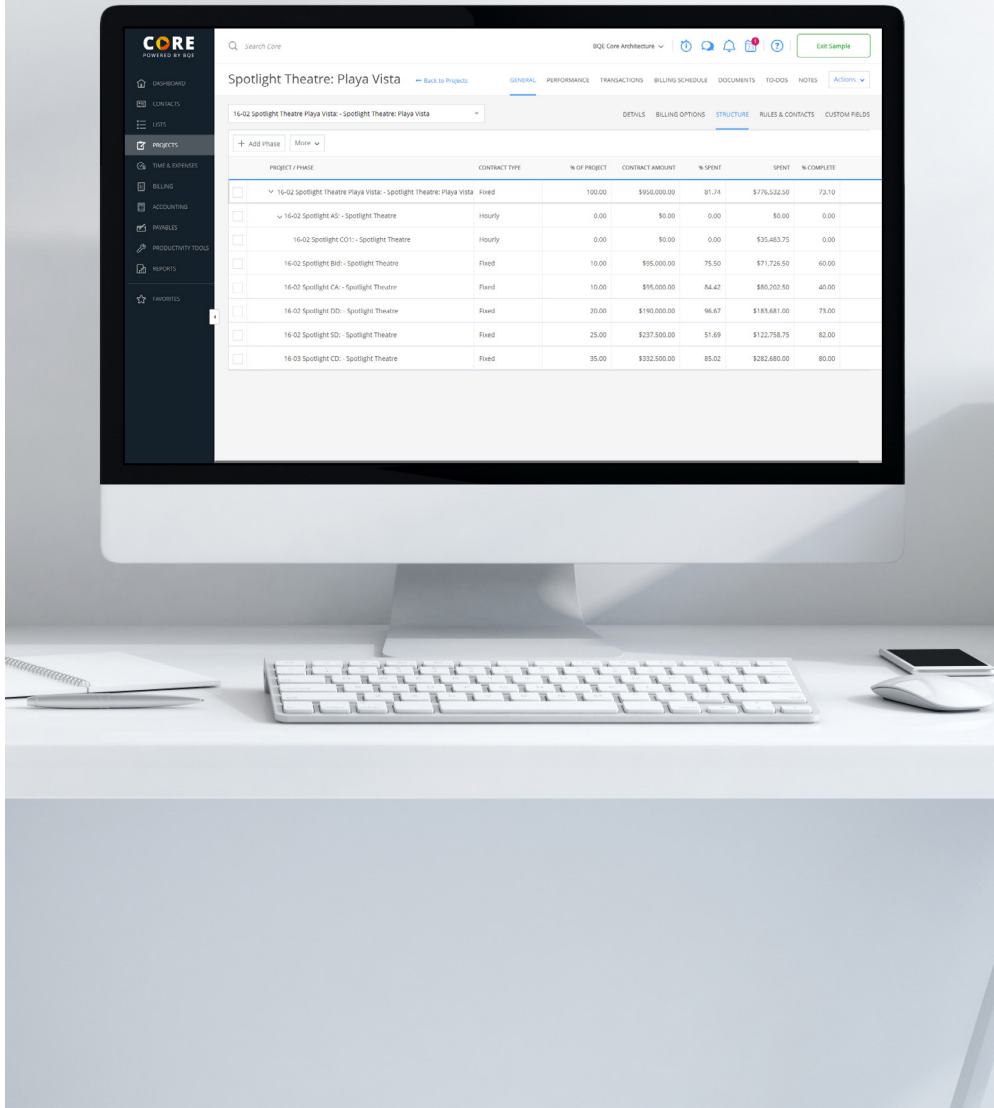

INTUITIVE & IMPRESSIVE PROJECT MANAGEMENT

A PROJECT-CENTRIC SOLUTION: In Core, your projects (also known as jobs, matters, or engagements) are at the center of all that you do. In other words, Core works the way you work, and gives you impressive tools to ensure the best outcome.

REAL-TIME PROJECT DATA: With Core's dashboards, performance screens, and reports, you get a complete view of your projects that will guarantee better efficiency and profitability.

EVERYTHING ON ONE PLATFORM: Since Core is a comprehensive project accounting solution, your project management data instantly flows to other parts of the platform. This way, you're able to get visibility into every area of your firm, cut down on data entry, and steer your business in the right direction.
